Amendments to:

Declaration of
Conditions, Covenants, Restrictions, and Easements
For

Sawyer Ridge Filing # 1

Change language to the following:

Article II Density, Setback, and Quality Standards

Section 210. Fences. All fences shall be constructed of either stucco or cedar. Fences shall be no more than (6) feet high. No other material may be used for fences unless previously approved by the Approving Authority. Except with approval from the Approving Authority, no fence or hedge more than three feet high shall be installed closer to an adjoining street than the dwelling or any other building located on the Lot is to the street. Along side streets of corner Lots, fences may be extended to the property line, but not into the right of way.
